

71A LOCOMOTIVE GROUP

33012 RESTORATION SPONSORSHIP FORM

The 71A Locomotive Group are presently engaged in overhauling our Class 33 locomotive No 33012 to mainline standards at Eastleigh Works. As you will be well aware, this sort of task does not come cheaply, and while the 71A Locomotive Group have enough money to complete the basic overhaul itself, there are always additional items that come to light that creates extra work, tools wear out, something else needs painting, prices go up, etc, etc.

To help the 71A Locomotive Group raise additional funds both now and in the future, we are looking for people to provide sponsorship for various items as listed below. If you can help out with this request in anyway, such as donating any particular item, or with any amount either small or large, we would be most grateful.

Please fill out this form, particularly the last part with all your details, and return it to the address overleaf.

Container Hire

The 20ft ISO container that the 71A Locomotive Group uses to store all the Group's tools and some of the spares from 33012 while at Eastleigh Works, costs us £1 per day hire:-

One Day (£1) One week (£7) One month (£30) One year (£352)

Public Liability Insurance

The 71A Locomotive Group needs public liability insurance, to enable us to carry out our work on 33012 while at Eastleigh Works, costs us £3,000 per year:-

One Day (£1) One week (£9) One week (£63) One month (£270)
